

DuPont™ Artistri® Textile Ink

Printhead Compatibility

Technical Data Sheet

This document covers general recommendations for printhead/ink combinations along with associated viscosity ranges. The information contained in this chart should be used only as a starting point. Ink viscosities can vary depending on head temperatures and voltages and any ink should be fully tested for proper jetting and sustainability in a given printhead/printer combination. Information on the effects of temperature on viscosity for a specific ink may be obtained upon request.

Ink/Type	Viscosity Range	Epson/Mutoh	Seiko		Ricoh*	Kyocera	Fuji Dimatix	Konica Minolta
		DX4	255	508	Gen 4/5	KJ4B-Z	JA256/30
